

## EMSupply™ 1.4.5 Release Notes

These notes describe highlights of the EMSupply 1.4.5 release scheduled for Thursday, April 9, 2020. More information is available through your solution or by contacting the Juvare Support Center at 877-771-0911 or [support@juvare.com](mailto:support@juvare.com).

### Inventory Export

Improved inventory management capability that allows you to export your inventory data for use in Microsoft® Excel® as well as other solutions.

### Resource Requests and Incoming Shipments Export

Updated export capability for Resource Requests and Incoming Shipments. Lists containing details on requested and shipped inventory can be exported in Excel format.

### Move Inventory Capability

Added the “Move Inventory” option, giving admins the ability to view, move, and manage inventory between all regions and locations.
