EMTrack™ 4.3.4 Release Notes

These notes describe highlights of the EMTrack 4.3.4 release scheduled for Wednesday, February 12, 2020. More information is available through your solution or by contacting the Juvare Support Center at 877-771-0911 or support@juvare.com.

Property Lists

Improved the performance of the Property list view for regional administrators, which now returns and displays only region-specific data.

Last Login Date

Resolved an issue that prevented the Last Login Date from displaying correctly. The correct date now displays.
