These notes describe enhancements in the EMTrack 6.1 release scheduled for Wednesday, September 28, 2022. More information is available through your solution or by contacting the Juvare Support Center at 877-771-0911 or support@juvare.com.

## EMTrack Lite Driver License Scanning

To continue using the driver license scanning feature in EMTrack Lite, you must reinstall the EMTrack Lite solution on your Windows devices before October 1, 2022.

As a reminder, EMTrack Lite can be installed and configured on Windows devices for use both online and offline. EMTrack Lite offers updated configurable patient forms, auto-version updates, PIN log in, and the ability to send patient notifications, making it ideal for regular use at clinics and occasional use at MCIs.

## Resolution
